The auction sale of the furnishings of the Cafe de l'Opéra was delayed for thre hours vesterday morning by an injune tion which had been granted to W. C. Judge Hand of the United States Circuit Court issued it on last Friday, but the creditors, who are behind the sale, didn't find it out until yesterday morning at 10 o'clock, when the auctioneer was about to start the bidding. About seven hundred people

Henry Moses, the auctioneer, announced that the sale would have to be postponed for a time and then hustled one of his lawyers, Henry L. Sheuerman. down to the Federal Building. Judge Hand didn't want to hear him, but when Sheuerman explained that people had come from out of town to attend the sale the Judge agreed to do what he could The injunction was dismissed. The ar-ticles in the sale were furnished by a department store under conditional bills of sale, and after the failure of the company the store people seized the goods. The stay was vacated on the stipulation that the money realized from the sale should be deposited in the Lincoln Trust Company pending the determination of the ownership of the fund.
